**CVS** Community Computers was set up by Taunton Deane Council for Voluntary Service **TDCVS** in December 2002. We are a non-profit organisation that recycles computers that have been donated to us by individuals, businesses, **Somerset County Council** and other local authorities who would prefer to see this equipment recycled for community use rather than disposed of at land-fill sites.

In association with our colleagues at **Computers for Charity** CVS Community Computers supplies machines with a fully licensed Windows 2000 Pro Operating System available with Open Office software. Our trained technicians clean and reprogram the Computers to the high standards required of us by **Microsoft™**

We supply refurbished Computers to Playgroups, Schools, Youth Clubs, Charities and other non-profit organisations. We also make them available to those on state benefits, disabled, pensioners, and school children with learning difficulties. We have to request that a small donation is made for each Computer to help with the costs of running our workshop and the software licensing.

If you are interested in obtaining a Computer for yourself or for a non-profit organisation telephone or email us.

We can be contacted Tuesday, Wednesday, Thursday and Friday between 10.00am and 3.00pm.
